

What did we learn in Reception this week?

Reception 'Stay and Read' @2:30pm

Our structured story:

All Are Welcome

Autumn Loose Parts

We would like to encourage the children to collect conkers, acorns, pine cones, leaves of all different colours for our provision!

Week

Mathematics

We will begin to learn to recognise the number of objects in a small group and will identify quantities.

The ability to recognise a quantity without counting is called 'subitising'.

The vocabulary of more, less and equal will be used to describe quantities they can see and compare.

Communication, Language and Literacy

We will be developing our confidence in order to hold conversations, engaging in back and forth exchanges with both our teachers and peers. We will be singing songs to remember our new friends' names.

Understanding the World

We will be talking about our families, where we come from and celebrating the languages we speak. We would like an emailed photograph to add to your child's 'All About Me' square.

Thank you for sharing your photos so far on Tapestry!

Expressive Art & Design

We have been drawing our self-portraits using a black fine pen.

These are completed termly to showcase the progression of fine motor and drawing skills as well as the development of our name writing and letter formation.

Personal, Social & Emotional

We will be developing our independence by familiarising ourselves with the classroom rules and routines, timetable of the day including lunchtime.

We will be building on our resilience as we settle into Reception by taking turns as we get to know each other and make new friends.

Phonics

We will be learning:

s a t p

Wordless books will be going home after our 'Stay and Read' sessions.

Physical Development

'Locomotion' will be delivered by Mr Passade. The children will explore walking using different body parts in different directions, at different levels and at different speeds.

On Wednesdays the children come into school in their kit!
