

# What are we learning in Reception this week?

Welcome Mrs Thomas & Mrs Reick!

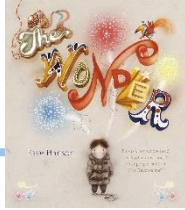

Tricky words of the week:

is the  
I put

Our structured story:

The Wonder

pull full  
as

Mathematics

Comparison and subitising.

We will be developing our language of comparison through measures. We will reinforce the ability to subitise.

Counting is one tool that can be used for addition and subtraction calculations.

Include zero (or nought) regularly as a value.

Expressive Art & Design

We will be talking about what imagination is. We will paint what is in our imagination on a blank square of paper. We will use lots of different art materials to create an imagination picture

Communication, Language and Literacy

We will be developing our vocabulary and oracy skills by learning new language such as:

wonder, daydreamer, passenger, scatter brained, laboratory, imagination, parade, trembling

Understanding the World

What is your imagination? Have you ever heard of the term daydream? Have you ever had a daydream?

Do you know what stars are? Do you know how clouds are made? What is art? What is a lollypop person's job? What do they wear?

Personal, Social & Emotional

Happy New Year! The children will be setting their personal goals for 2025 with Mrs Wake.

LeaderinMe®

We will be introducing Leader in Me by talking about 'What Is a Leader?' and describe what it means to be a leader.

Phonics boom reader

We are now working towards Phase 3.

The children will be learning: ai (tail), ee (sheep), igh (light), oa (goat)

We will learn to practice and apply words containing these digraphs.

Physical Development

Gymnastics is delivered by Mr Passade on Monday with a focus on: 'high, low, over and under'.

Dance is delivered on Friday with a dinosaur theme.
