

What are we learning in Reception this week?

Reception Stay & Learn on 2nd April (Seurat) 3rd April (Kandinsky) 2:15 - 3pm

Week
6

Our structured story:

The Easter Story

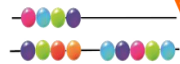

We are reviewing all our Spring Tricky words!

123

Mathematics

This week in maths we are learning to find the difference or the missing part.

1,2,3,4,5. The difference is 5.

So the difference between 4 and 9 is 5.

We will begin to learn about 10 and some more. We will learn to relate numbers to the benchmarks 0, 5 and 10. For example they will be able to say that 2 is 2 more than zero and 6 is 1 more than 5.

Communication, Language and Literacy

We will be using key words to discuss all things 'Easter' and traditional celebrations.

We will be re-telling the Easter story.

Understanding the World

Why is Easter special for Christians? How is Easter celebrated? Is it celebrated the same around the world? What plants shall we plant in our Reception garden? How should we care for plants and flowers? What animals are born in the spring?

Phonics

We will be reading words with two or more digraphs.

We will be spelling words such as: sharp, tooth, thinker, shorter

Read at least 3 x per week with your child and add to Boom Reader!

Expressive Art & Design

I'm a Spring Chicken song!

Easter crafting and card making.

We will continue to represent ideas on paper, using a 'design sheet' before modelling or constructing.

Personal, Social & Emotional

We will be taking part in an Easter Egg Hunt led by Year 4 as part of their leadership event!

LeaderinMe

We will be naming things that are important to us.

Physical Development

We are working on securing our pencil grip. Filling eggs with beads using scoops. Bunny hopping. Moving our bodies like different animals - frog hopping, butterfly skipping, and caterpillar shuffling!
