

What Are We Learning In February?

Understanding The World

We have enjoyed exploring the features of winter and will be applying this knowledge on a walk around Applecroft's field! If your wellies are currently at home, please ensure they are brought in for the week commencing 2.2.26. Thank you!

Expressive Art and Design

- We will explore creative ideas linked to Lunar New Year
- We will have the opportunity to decorate and taste pancakes for Shrove Tuesday

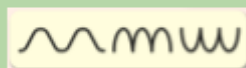

Maths

In Maths, we have been focusing on repeating AB patterns using sound and colour. We will continue to reinforce this knowledge, introducing shape and natural objects to our patterns. We will test and extend our knowledge in 1:1 art activities and in small group games.

Physical Development

Fine Motor Skills:

Our pre writing patterns this term are as follows:

We will practise these using pencils, paintbrushes, finger painting and more, in order to continue strengthening our fine motor development.

Personal, Social & Emotional Development

We have enjoyed exploring social story songs and will continue to explore the messages behind them, reinforcing this in our play. We are practising taking a deep breath if we are feeling upset and approaching a teacher if we need support.
