

WELWYN GARDEN CITY STATION CENTENARY

On 5th October, Welwyn Garden City celebrates 100 years since the opening of its main line station. Opened by Neville Chamberlain MP, it was a significant boost to the creation of the town.

Join us for a display that tells the story of our station – from its creation, to its growth and its importance as a feature of the Howard Centre today.

There will also be books and items for sale, as well as a competition.

**SATURDAY 3 OCTOBER 2026,
